Snapshot

From the scenic Taal volcano you ride up the northwest coast of Luzon, through the province of Zambales, over volcanic lahars

and on to the majestic Hundred Islands National Park (actually 123 islands, 124 at low tide) where you will have a rest day to explore the islands or the surrounding area.

Onwards north to the UNESCO World Heritage historic city of Vigan, then into the mountains to Sagada.

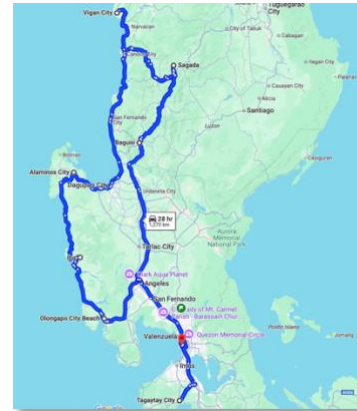

Here you will have a rest day to allow you to explore the Banaue Rice Terraces, another UNESCO World Heritage Site, or the world-famous Hanging Coffins, or visit Apo Whang-Od, the country's most renowned traditional tattoo artist (mambabatok), born in 1917 and still practicing into her 100s, or any of the other local attractions and activities.

Then on to Baguio, the Summer Capital of the Philippines, so called because of its cool climate, pine-covered hills, vibrant arts scene, and rich colonial history. From Baguio you head south to finish your tour in Manila and a few well-earned cold beers at the famous Handlebar Bar & Grill.
